# **Field Visit Report**

Academic Year 2024-2025

## **HOSPITAL VISIT REPORT**

A visit to **Shree Samarth Krupa Hospital** was arranged for the student of D.Pharm First Year of Chetana College of Pharmacy, Indapur

A batch of 35 Student along with a principal, faculty member had visited the hospital. The details are mentioned below

### **Objectives**

- The objective of hospital visit for D.Pharmacy students is to gain practical experience and insights into the role of pharmacist in clinical aspects.
- This may include observing medication and dispensing.
- Understanding the medication management process, interacting with healthcare professionals, and learning about challenges and responsibilities associated with hospital pharmacy practice.
- It provides student with real world understanding of how pharmacy principles are applied in patient care.

### **Educational Components:**

- Detailed Explanations: Each department's functioning and significance explained by Dr. Manojkumar Waghmode during the visit.
- Presentation: A comprehensive presentation on Hospital Pharmacy, covering drug distribution, inventory management, and medication errors.

### **Outcomes**

- In-Patient Pharmacy Store: Students observed actual storage, prescription management procedures for drugs.
- Special Precautions: Emphasis on the careful storage of Narcotics drugs. Expired drug storage.
- Students studied about In patient Department.

- Students studied about Out patient Department.
- Students studied about X-ray machines, CT-scan, MRI etc.

### **Conclusion:**

- Informative Insights: The visit provided valuable knowledge about the role of Hospital Pharmacists, also learnt about Software handling used by the hospital for patients. Detail information can be stored using software and patients profile can be created.
- Enjoyable Experience: Students found the visit both informative and enjoyable.

### **Acknowledgments:**

- Express gratitude to Shree Samarth Krupa Hospital for facilitating the educational visit.
- Appreciated the efforts of Dr. Manojkumar Waghmode in guiding and educating our students.
- Appreciation letter given to Dr. Manojkumar Waghmode.
